Present: Adrian Bautista, Marc Conner (Chair), Nick Junkerman, Masako Inamoto, Dan Konstalid, Michelle Hubbs, Nathaniel Lowell '24, Josh Maxwell '26, Dorothy Mosby, Lori

to order by Chair Conarteft 0:3a.m.

1. Environmental, Social, Governance (ESG) & Diversity, Equity, and Inclusion (DEI) Crewcial Partners Update

VP for Finance and Administration Daniel Konstalid reported on 'then Clowage to portfolio as it related to Environmental, Social, Govage point (Files He explained there are ESG factors that investment managers increasingly keep front of mind when they make individual security selections for portfolios and that we participate in a number of those

co-mingled funds. We managers make these selections, they are following an ESG framework A wide variety of issues fall under ESG that are in addition to, but not a, replacement for financial analysis. ESG is not a screen but rather a framework for investors to make active selections among investment opportunities for the endowment.

What Skidmore has been looking to do is track over time the extent to which the underlying managers in our endowment indicate that they use an ESG framework. One of our criteria is they sect individual holdings in their portfolios that in turn we will own a share of. As a percentage of the dollar value of our endowment, about 11% of our holdings have been sele by those underlying portfolio managers using the ESG frameworkriNgtanecessaG but closely connected to it, the industry is also increasingly tracking the extent to which the managers participating in the investing universe are firms with 50% equity ownership by we or ethnically diverse individuals. As a backteringdustry estimates that about 1.5% of the investment industry assets are overseen by these diverse managers. As defined, in comparis for our portfolio, about 11% of the assessidendeemanagement are ultimately being supervised by diverse rgens. In addition, our endowment included commitments to make placements in the future. We make commitments to involve ourselves in partnerships that h not drawn down on our commitments additional 2.5% of our portfolio will be under the supervison of diverse managers. We are ahead of the vanguard in these two measures.

Director of Sustainability Programs and Assessment Tarah Rowse asked if we are doing any

negative screening at all regarding areas we don't want to be in as well as trying to do impact investing to intentionally choose companies that have positive social and environmental imp VP Konstalid responded that we do not use screens to trap or keep anything from entering portfolio. The Trustee Investment Committee ulticidets lyvbe determines who the

and benefits. At the same time, we have also beentdissensing priors with the **President's Cabinet and we have had** severals essions with the IPPC Subcommittee on Budget and Finance on this as well, including revenue assumptions and expectations. That subcomm has two more meetings and will spenist these ing the expense side of the budget, including compensation and other expenses. We will look to pull this all together so we are ready to these in place to discuss with the BFI committee and the Board itself in January and February

3. Strategic Planning

VP for Strategic Planning and Institutional Diversity doct for the stampus Master Planning was a big process coordinated with a task force and a steering committee Vision and Values was led by President Conner hosting sets to the students, and two surveys to get input on what we think bisus period to have each ulti interactive website for the Spring on the team are working to have each ulti interactive website for the Spring on the body to guide our strategic planning process. T first thing we need to come to agreement on is whether this earliebel get and window President Conner has suggested the body to guide our strategic planning process. T first thing we need to come to agreement on is whether this earliebel get and window President Conner has suggested the body to guide our strategic planning process. T first thing that to the shifting higher ed lar to think about the interplay withur Middle States affeirmation accreditation coces Remember, we are thinking that to be about funding our strategic plain what and how we have been doing, while the about funding our strategic plain what and how we have been doing will be about funding our strategic big base. about this interplay, drow we want task people to participate in this process

Some pieces have emerged as strategic initiatives for our consideration for institutional plan including:

Creativity and academic excellence Increasing the Endownth for need based financial aid The residential student experience Diversity, Equity, and Inclusion (DEI) Sustainability

We arehinking about reative and academic excellence and what is the interplay there betwee creativity and our mtteative hough Matterand thinking about academic excellence Next, increasing the endowment for need based financial aid and the discussion we just had regarding ur budget and how we are affordable and accessible and how we think about who representing outdents and familRegarding the student/residential experience, SGA President Lowell and Dean Bautista automomentate on Student Affairs have been thinking about this in Campus Master Planning and we received a lot of student feedback. Board of Trustees has taken a tour of our residence halls which was very revealing in where are in terms of the residential experience four residence halls need significant renovation work and where does that put us in the manufetime and to be a compositionally diversemmunity, have equity and inclusion in our paractites have such lofty goals and then actually diverse deals? In regard to sustain ability at are next goals around under lived environment have we incode? What does our lotreg meconomic stewardship look like?

IPPC membersgreed that a five ar window was reasonable considering officing around the parage VP Staudermansked what someone would get out confile be experience that is distinctive to Skidmor? Director of Financial Aseth Post commented that she is in supprovation of financial accesses the percent difference are the measurable goa? SGA President Lowell stated this planning gives Skidmore a great opportunity to set an example of our guiding pressaip goals both integrand external It is great to see
